THE ASSOCIATION OF
EUROPEAN OPERATIONAL
RESEARCH SOCIETIES

2017 EURO / MIC-MAEB AWARD TO THE BEST STUDENT PRESENTATION

The **EURO General Support Fund** (http://www.euro-online.org/) is proud to collaborate in supporting MIC-MAEB'17 (http://mic2017.upf.edu/). This support includes, among other things, the creation of an award to the best student presentation at the 2017 MIC-MAEB joint conference. The award will consist in a **free registration at the 2018 EURO Conference** (or any similar conference, with approximately the same registration fees, that takes place on or before June 2018).

Who are eligible for this award?

Any PhD student who presents a work at MIC-MAEB'17 (the work has to be actually presented by the student himself/herself).

How to participate in this contest?

Just send an e-mail, on or before **June 30 2017**, to mic2017@upf.edu with the following info: (i) name of the presenting student; (ii) number and title of the associated paper. Note: only those students that have actually submitted that e-mail on due time will be considered.

Which criteria will be used to decide the winner?

The Evaluation Committee will be composed by Dr. Ana Viana, Dr. Belén Melián, and Dr. Angel A. Juan. The Committee will require a short report from the Chairs of each session where a candidate is presenting a registered work. Then, they will evaluate these reports, together with the actual works, in order to take a joint decision (this decision will be final, participation in this context implies the implicit acceptance of these rules).

When will the winner be announced?

During the MIC-MAEB'17 closing act (Friday, July 7th 2017).
